E#Report#2/2020

## WORLD CANCER DAY 2020

(2000 TREE PLANTATION at Noriabad, Karachi-Hyderabad Motorway.)

Pakistan is among the countries with minimum forest cover (less than 2%) as

deforestation. As a result of this the lack of rains and contaminated and polluted

compared with rest of the world and is facing drastic climate changes due to

environment are the causes of many diseases.

This project is the continuation of AEMC/APWS efforts to keep such activities since 2012. In January, 2018, with the collaboration of KANUP, AEMC and APWS we have planted 1000 Trees within premises of K-1/2.

In August, 2018 PAEC and other Strategic Organizations

### CANCER PREVENTION

Globally, the concept of cancer prevention is the major and cost effective tool in Cancer Control Campaign in developed or developing countries. Prevention of many diseases including cancers is possible by;

- Healthy Environment
- Healthy Food Habits
- Regular Exercises

started their contribution in national cause of large scale

Forestation by launching campaign titled as “Sarsabz-o-Shadab Pakistan”. On 1st February, 2020 AEMC in collaboration with APWS, Cancer Society, LMC G-85, FWO Noriabad celebrated the World Cancer Day 2020 by planting 2000 Neem Trees at Noriabad, Karachi-Hyderabad Motorway. that minimizes the expenses in electricity consumption. This leads to

low carbon footprint on the environment.

I.G Motorway Police, Mr A.D Khowaja was the chief guest of the event.

Students from County Cambridge Hyderabad, Jinnah Sind Medical University Karachi, officials from G-85, Cancer Society, Bosch Pharma, FWO and
